Dear Friends,

Very many thanks for coping so well with our special delivery of balloons Thursday. Many people commented on my 'pattern' with the varieties. The giant Birthday one caused quite a sensation for our "birthday girl". Thank you for being so thoughtful.

All the guests get a raffle ticket by their plate & winners can pick their choice of prizes. Two gentlemen selected your fruit donations (much admired) & said they would share with their neighbours in the sheltered bungalows.

Thank you for helping give the clients (patients) such a happy day.

Yours sincerely
Mary
